at Lethbridge.

MENTAL HEALTH RESOURCES

How we can help you
identify and cope.

In the new year... Moodle redesign Phase I

As part of our commitment to continual improvement, we will be launching Phase I of a Moodle redesign early in 2017. Initially the changes will be visual, but this new look is part of a bigger project intended to create a more clean, consistent and easily navigable online environment for you to do your best learning. We look forward to hearing your thoughts.

8 NEW COURSES READY FOR SEMESTER II

You spoke and we listened. Using the feedback we collected from learners, the DLC has developed eight new courses that are now ready to go:

Core French 10
Energy and Mines 10
Small Engine Mechanics 10
Accounting 20
Autobody 20B
Drafting and CAD 20
Equine Studies 30
Visual Art 30

Visit www.sunwestdlc.ca/courses for details on these and our complete library of high school electives.

For students enrolled in a traditional classroom, please consult your Principal and your Career Guidance teacher to help determine if these courses are a fit for you and your existing timetable.

Our rolling registration policy invites new registrants any day of the year.

Remember, we offer choice of path, pace, time and place. We support your learning when and where it best suits you.

LETHBRIDGE COLLEGE TALKS

Join us Thursday, January 12, 2017 from 2:00-3:00 p.m. for an online information session hosted by Lethbridge College and learn about their programs, extracurricular opportunities, financing, and more.

Greg Goodwin, a recruitment specialist from the college, will share what he knows, and answer your questions.

Email Renee at reeneharrison@sunwestsd.ca to register or for more info

Of particular interest to students in Grades 10, 11, and 12.

MAKE YOUR MENTAL HEALTH A PRIORITY... WE DO.

For some, the holidays are less than cheerful, merry and bright. Anxieties in the home or in the learning environment can overshadow the festive energy around them.

There are countless resources available for students and parents alike that can help them to identify, define and address anxiety and related mental health concerns.

Visit
www.sunwestdlc.ca/pages/mentalhealth.html
for a list of resources and service providers.

To all of our learners and their families....

Have a safe & happy holiday!

(and we'll see you back in class on January 5, 2017.)
